 miroslavaacuk475@gmail.com

 Ukraine / Lutsk

MYROSLAVA
YATSUK

ABOUT ME

Frontend Developer focused on building production-ready Next.js and React applications.

Focused on SEO-friendly, high-performance websites, complex UI components, and production-level bug fixing. Worked with GraphQL APIs, headless CMS, and multilingual projects.

EXPERIENCE

01

Frontend Developer

Web Studio

- Developed and maintained production React and Next.js applications
- Collaborated with designers, backend developers, and PMs
- Integrated frontend with backend APIs and business logic

02

Frontend developer

Freelance

- Built content-driven and marketplace-style projects
- Fixed production bugs and refactored legacy code
